## Liam M - T3's "Senior" Junior

Liam has been playing wheelchair tennis for the past three years and continues to achieve impressive success on the court. He is currently ranked No. 13 nationally in Junior B's, No. 4 in the Southern California Section, and No. 3 in our local district.

Liam will be a senior next year at Aliso Niguel High School and plans to compete on the boys' tennis team next spring alongside fellow T3 junior, John H. Together, they will become the first tandem wheelchair tennis team to compete on the same high school tennis team in Orange County history. One of the most exciting parts of this milestone is that these matches will take place at local high schools, allowing many of YOU donors/supporters to come out and cheer them on in person.

Liam will be taking five AP classes next year at ANHS, with a strong passion for math and science. He hopes to attend UC Berkeley or the University of British Columbia, where he plans to major in civil engineering with a focus on transportation. His long-term goal is to become an urban or transportation planner. Liam is also an active volunteer, especially through the Orange County Transportation Authority's Teen Council.

As an only child, Liam has a multicultural background—his mom is from Montana, and his dad is from India, a country he has visited twice to visit his grandparents. Outside the classroom, Liam enjoys tennis, playing "City Skylines," personal transit-planning projects, watching Star Trek, horseback riding, polo, and playing the piano.

Best of luck to Liam as he enters his senior year and prepares for the exciting journey ahead into college.

If you'd like to see Liam in action on the tennis courts, he and many of our juniors will be competing in the Dee Henry Memorial Tournament at Biola University on June 20–21. If you're in the area, stop by and cheer on these talented athletes.
